SPECIAL NOTE For All Students Regarding Typing: Students will be asked to hand write Composition papers, however if students want to type their Composition papers, they are free to do so. We are asking that all students complete a typing tutor program such as Mavis Beacon. (There is a free Mavis Beacon typing tutor available for PC's at Mavis Beacon Free. (<http://www.mavisbeaconfree.com/>) It is suggested that all 5th & 6th grade students spend some time over the summer with a typing tutor, maybe even complete the program! We also recommend that all 5th and 6th grade students have computer accessibility at home. There will not be computers available at school for Composition writing, however, we hope to give all students an opportunity to practice Mavis Typing skills at school. We will set up 10-15 minute slots during the school day. By the second quarter we hope most students will be through the program.
